# Welcome to Evernote

Use Evernote to save your ideas, things you see, and things you like. Then find them all on any computer or device you use.

## A few simple ideas to get you started

- Click New Note and take down an idea or task.
- Clip and save a webpage using a [Web Clipper](#).
- Use Evernote on your phone to snap a photo of a whiteboard, business card, or research. (Evernote automatically makes text in your snapshots searchable!)

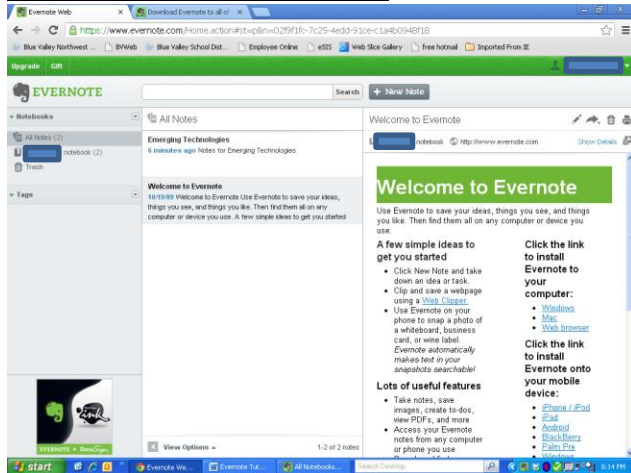

## Lots of useful features

- Take notes, save images, create to-dos, view PDFs, and more
- Access your Evernote notes from any computer or phone you use
- Search and find everything, even printed or handwritten text in images

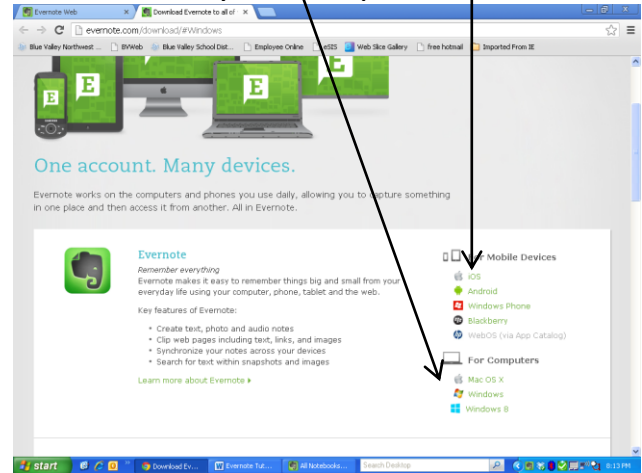

## Install and use Evernote everywhere

- Download and install Evernote on all of your computers and phones
- Install a [Web Clipper](#) into your web browser
- Email notes to your Evernote email address
- Save Twitter messages by following [@myEN](#)
- Import photos from your digital camera
